## MEMORANDUM

February 23, 2010

**TO:** Joseph Kreye  
Legislative Reference Bureau

**FROM:** Rebecca Boldt  
Department of Revenue

**SUBJECT:** Technical Memorandum on AB 754 (LRB 2310/1) – Credit for Lumber Manufacturing Investments

The Department has the following technical concerns with the above-referenced bill:

If this bill and 2009 AB 749 both are enacted, there would be duplicates of secs. 71.07(3rm), 71.28(3rm), 71.47(3rm), and 560.209, one for woody biomass harvesting and processing and another for lumber manufacturing investment.

The bill language provides that the credit is available for taxable years beginning after December 31, 2008, and before January 1, 2015. The 2009 tax forms are already printed and in use by taxpayers. There would be no way to claim the credit on 2009 tax forms. At the very earliest, the credit should first be available for taxable years beginning after December 31, 2009. Because tax forms are finalized and printed before the end of the tax years they apply to, it would be preferable to have the bill provide that if enacted after July 1, 2010, the credit would first be available for taxable years beginning on January 1 after the date of enactment.
